The points amassed by Harry Causey in winning the main event and second place in the fourth heat and the trial times moved him up from third to second place in the point standings with 124.

Music Festival Is Planned At Squaw

A musical festival at Squaw Valley State Park in the summer of 1962 is envisioned by State Senator J. Eugene McAteer of San Francisco.

McAteer said this is the "first goal" of a group of state and private individuals interested in seeing the site of the 1960 Winter Olympics become a permanent international cultural center.

The senator said the state may be asked to help build an acoustical shell in the Blyth arena so it can be used for concerts.

The idea of an international cultural festival at Squaw Valley came originally, according to McAteer from Dr. Robin Laufer, who has directed nine musical festivals on an international scale for UNESCO. Dr. Laufer has said the festivals can be financially successful if the state will remodel Blyth arena for such events.

The proposal was enthusiastically endorsed by McAteer and DeWitt Nelson, director of natural resources.

Resolution Gives Approval To Buy Building Property

Nevada County supervisors late last week adopted a resolution of intention to purchase properties in Nevada City and Truckee as sites for county expansion improvement expected to cost nearly \$1 million.

Properties owned by Richard Joseph in Truckee valued at approximately \$15,000 will be accepted. The purchases and improvements cannot be effective until the 1961-1962 fiscal year.

The expansion program, which includes an annex to the present court house on properties across Winter Street from the court house, will be financed under a lease purchase program already tentatively approved.

The Truckee improvement would include a branch sheriff's office for the eastern end of the county, a justice court room and other facilities.

The purchase of property in Nevada City involves land and buildings owned by Mr. and Mrs. I. C. Bell valued at \$20,000; Charles J. Smith, \$15,000; and Robert Blunt, \$9,500.

The supervisors also passed a motion that Pension Planning Associates be named to explore the possibility of a pension plan for county employees.

Placer Budget To Exceed \$7 Million

AUBURN — A recommended \$7,020,024 budget calling for the same \$1.90 basic tax rate in Placer County has been submitted to the board of supervisors by County Executive John Bernard.

Bernard stated in a report to the supervisors the tax rate can be held the same the next fiscal year if no substantial changes are made in the budget. He said his office took a "hard nosed" attitude as directed by the supervisors and trimmed \$232,562 from departmental requests.

The preliminary budget shows less than 1 per cent increase as compared to the \$6,952,333 1960-61 budget with the estimated total to be raised by \$2,357,440 in property taxes and \$4,662,584 through subventions and grants.

An increase of 27 new positions is included in the budget, making a total of 490 employees. The supervisors have indicated they will not grant across the board pay increases but would make adjustments for some 24 positions.

Recent storms have not eliminated the danger of fires in the forests and everyone is being reminded that the laws governing the use of fires in the national forest went into effect June 1. Additional patrolmen are on the job this year to do what they can to prevent forest fires but they cannot be expected to do the impossible and unless everyone cooperates, there may be serious results. Evidence that small boys are utilizing the secrecy of the woods in the vicinity of Gateway and Meadow Park to sneak smokes have been found and parents are being urged to check on this as well as other youthful pranks which might well cause a bad fire. This may well prove to be a very dry summer and if caution is exercised early and continuously, we may avoid another such conflagration as destroyed 39,000 acres of timberland and threatened the entire community last year.

Truckee Boy Near Death Following Tragic Accident

William Rose, 11 year old son of Mr. and Mrs. Zeph Rose, prominent Truckee couple, was still in serious condition at a Reno hospital this morning as a result of a tragic accidental hanging near his home at 6:30 p. m. last night.

Billy was playing on an improvised swing and in some unaccountable manner got his head into a loop and apparently fell. His plight was noted by 6 year old Michael McGlade, who notified his parents, Mr. and Mrs. J. J. McGlade who live nearby.

The latter rushed to the scene, released the strangling boy and administered artificial respiration until doctors and ambulances could be summoned. State Patrolmen William Gautsche and Glenn Virus and Drs. Ben King and Ray Wiser were among the first to reach the scene and give assistance.

The Truckee Fire Department's resuscitator was summoned and is credited with keeping the boy alive until he was hospitalized. Several other volunteers gave valuable assistance in the emergency.

Following first aid treatment at the Tahoe Forest Hospital, the boy was taken to Washoe Medical Center for specialized treatment. Friends and neighbors are hopeful for a speedy recovery.

Woman Is Held On Old Parole Charge

Leanora Sally McKay, 43, was taken into custody by sheriff's deputies here last Thursday night on a charge of violating parole for the past ten years. She was booked at the county jail in Nevada City.

Mrs. McKay was said by arresting officers to have been involved in a murder of a taxi driver in the San Francisco bay area in 1942. The actual slayer, the officers said, was executed but Mrs. McKay was given a life sentence and paroled after seven years.

For a few months, the officers were told, she contacted her parole officer and then for the past ten years failed to do so.

Recently she applied for a position with a casino at Lake Tahoe and had her fingerprints taken as a matter of course. These prints were forwarded to the CII and it was through them that her identity and location were established.

Survey Decision Is Pending By C. of C.

A meeting of the Truckee Donner Chamber of Commerce will be held at Smart's next Wednesday at noon at which time a decision is expected to be made on whether or not the chamber will employ a consulting engineer to render a report on the feasibility of incorporation.

Robert O. Bailey, an administrative consultant from Chico, recently spoke before the members of the chamber outlining the service he would render.

This would include a comprehensive study of the various districts in the community with an aim toward determining what a consolidation would provide, the costs at present for operating these various boards in comparison with cooperation and other facts beneficial to the community even though it was decided that corporation would not be advisable.

Bailey would also show the estimated returns to the community from state tax and fee refunds, the sales tax total revenue and just what it would cost to operate a city as compared to the cost of continuing under the present plan.

The one fact which he has already brought out is that self-government for a growing community is an important feature of incorporation. This is impossible under present conditions.

DRAW POKER IS STILL LEGAL IN CALIFORNIA

SACRAMENTO—(CNS) — Draw poker can continue as California's only legal gambling card game but bingo parlors still will be outside the law.

The assembly committee on governmental organization voted 7-2 against a bill designed to outlaw big poker parlors. The bill, AB2970 by Assemblyman John A. O'Connell, San Francisco, would have made it illegal to operate draw poker games for profit in any establishment accommodating 20 or more players at once.

And the author of bills to legalize bingo, Assemblyman Charles W. Meyers, San Francisco, said he has asked that the bills be studied by an interim committee, blocking any action on them at this session. The two measures, AB3065 and ACA89, were dropped by Meyers without a hearing.

O'Connell's bill admittedly was aimed at the large poker palaces in Gardena, but would have affected establishments in Sacramento, Seal Beach and Emeryville. It had the support of Attorney General Staley Mosk and Governor Edmund G. Brown had announced he favored the bill.

DONNER DOINGS

By VIRGINIA O'BEAR

We had fascinating weather last week with thunder and lightning, lots of rain and some large snowflakes one evening. The past few days have been lovely and doesn't everything look beautiful this time of year? The snow flowers are up now, too. We had two huge ones at the foot of our driveway and the watermelon red is so pretty against the green background.

Children all over are so happy that school will be out this Friday. Many have plans for the summer for work and play. Many will be busy fishing and swimming and some have signed for the swimming program which will be held at Squaw Valley.

The Truckee Outdoor Sportsmen will meet this Friday night at the Capitol Hall in Truckee. More and more Donner residents are urged to attend because this group of members are doing many things for the improvement of Donner Lake. You need not be a member to attend and children are welcome to the meet-

ings. The Donner Lake firemen will meet Tuesday evening at the fire house for the regular drill and checkup of equipment. Many firemen have been busy working on the Donner Lake Regatta which requires much preparation to make it a success. Meetings have been held several times a week to promote this event for July 8 and 9. The trophies have been ordered, posters are being printed and the Regatta program is being prepared for printing. Many more people are expected this year since it is regional championship racing and we have had more publicity.

The barbecue committee of the Donner Auxiliary met at the home of Mrs. Roger Brown Monday evening to prepare a menu and discuss a bigger and better barbecue. Barbecue workers so far are Virginia O'Bear, barbecue chairman; Jean Walker, ticket chairman; Dorothy Slack, coffee chairman; Nancy Brodie, Muriel Wiser and Petie Brown, menu chairman. All of these ladies are working together and planning to make this regatta barbecue on July 8 a tremendous success and with the barbecuing in the hands of the capable firemen we had last year, it will be a tasty and delicious dinner

served from 4 to 7 p. m.

Officers of the Donner Lake Volunteer Fire Department Auxiliary will meet at the home of Nancy Brodie Monday evening, June 12 at 8 o'clock. All other members are always welcome at these meetings. The regular dinner meeting is set for Glacier Gap Lodge near Rainbow and I am sure everyone knows Maggie Avila and will want to attend this meeting. Many members have birthdays in June so don't forget your gift for the pig-in-the-poke. Reserve next Thursday evening June 15 for your auxiliary meeting. Time is 7:30.

Dr. Walter Brodie of St. Paul, Minnesota has joined his wife at Donner Lake where she has been for a few weeks visiting with Nancy and Dr. Douglas Brodie. They are leaving this week for home and I am sure everyone will miss this charming couple. Needless to say, the proud grandparents will miss little John and David, too, as well as the many friends they met, while here.

Miss Diane Pankoke danced several specialty numbers at the Veterans Auditorium in the State Building in Reno Monday evening, June 5. Diane is quite popular in Reno because she has danced for

several benefits and for patients in hospitals there. Maybe sometime after the busy summer months, we can persuade her to do some of her specialty's for an auxiliary meeting.

Mrs. Paul Strobel is recuperating after having surgery little over a week ago. She is home now and we all hope she will continue the splendid progress made thus far.

Dollie and Virgil Harris were here over the weekend visiting friends and checking their Donner property. Dollie agreed to meet the chaperones and Miss Donner Lake and her court in Sacramento when they go on the Bill Rase Show and will treat them to a swimming party afterwards. It was so good to see Dollie again, she really looks good and I guess the country life is a healthy one.

Good Brakes?

Are your car's brakes operating at top performance? You say, "Of course!" But a recent survey showed there is a 50-50 chance you are wrong. The survey, conducted by Motor Magazine, found that one out of two cars on the road today needs brake repairs.

HAVE YOUR BRAKES CHECKED

The study covered a representative sample of cities from coast to coast. About 500 cars were inspected at service stations or garages. Only cars that were brought in for work other than brake service were checked. In every case, the car owner had no reason to suspect his brakes needed repair. Inspections proved otherwise. Not only did half the cars need brake repairs, but many cars had more than one defect in the braking system.

Among those needing repairs, 76 per cent had worn brake linings, 50 per cent had scored or damaged brake drums, 44 per cent had leaking wheel cylinders, and 82 per cent needed simple brake adjustment.

The majority of the cars inspected fell in the 1954-1959 range. When it comes to brake performance, 50-50 odds are not good enough. If you have not had your brakes checked recently, stop in at your Shell dealer's. That one stop will make you sure of stopping later.

ROGERS RESIGNS AS PARK COMMISSIONER

SACRAMENTO — (CNS) — Governor Edmund G. Brown announced he has accepted the resignation of Will Rogers, Jr., from the state park commission.

In his place, Brown appointed John P. Elsbach of Los Angeles. Rogers wrote Brown that he recently had acquired resort property in Arizona which would require extensive development and promotion.

"While I will, of course, maintain a business office and my residence in California, it will mean that I simply will not be able to devote to the state park commission the time it should have," Rogers said. "I would appreciate it, therefore, if you would accept my resignation."

Brown commended Rogers for his "able service to the people of California."

"The superintendent may issue the permit if he determines that the applicant has submitted satisfactory justification for the permit and that important resource val-

NORTH TAHOE BRIEFS...

... By BETHEL

Recently quoted the California Motel Association on the subject of room taxes. Another association calls attention to the same matter, but since everybody LOVES to pay taxes, perhaps nobody cares. However, read it or not, here is the article.

"Room taxes are another tourist

trap. Many states have a tax on rooms and in the past several years some cities have added a room tax. Why? Bakersfield and San Francisco County areas claimed loud and long that the tax would be used to finance tourist promotion or a convention hall. Sounds good in the arguments the elected official made for voter consumption. What happened in both instances is not just exactly fair. Bakersfield room taxes end up going to the city's general fund; San Francisco's room tax provides funds to be used for artistic and cultural

organizations with possible purchase of theater property, maybe some for tourist promotion, and the remainder going into the general fund."

"Roses and Rosebuds" was the theme of the Womens Club of Tahoe, Tahoe City, annual spring luncheon and installation of officers at the Crystal Bay Club on May 31. Installing officer was Mrs. John Brubaker of Walnut Creek. Incoming officers are Florence Brown, president; Eunice Henriksen, vice president; Joyce Spitsen,

treasurer; Mabel Nielsen, recording secretary; Macie Henke, corresponding secretary.

Program was a children's fashion show with commentary done by Jean Calhoun and featuring Victoria Zawacki, young TV dancer.

If you want room taxes forget this, if not — phone your local chapter chairman of the California Motel Association, Bill Elliott, at Liberty 6-3523 and do something BEFORE this tax is passed. One must fight to protect one's freedom — after all — only a slave is

free.

Happy birthday, Gail Burghardt, ten years old on May 30 but celebrated on June 4, barbecue and swimming party at home — Ludlow's Lodge. Guests were Kathy Hoffman, Sharon Bell, Carol Webb, Critchley, Jenny, Jackie and Judy Cathy McIntire, Sharon Decker and Pieter Van Tassel. Lucky boy.

Attending the luncheon of the Womens Club of Tahoe were Pearl Draney Incline Beach and a guest, Ranie Van Buren; Pearl Moore,

Alice Hall, Kings Beach; Louise Walter, Brockway; Mabel Coulter and Jackie Black, Incline Beach; Bethel Van Tassel, Tahoe Vista; Jean Palmer, Carnelian Bay.

Tahoe City Center at Tahoe City was dedicated Thursday. Color guard from Stead Air Force Base, Reno, Tahoe Truckee High School band under the direction of Ross Price, Tahoe City Rotary Club, and the Lake Tahoe Sierra Chamber of Commerce board of directors were invited to participate in the opening ceremonies.

Seven businesses are located in the center—the U. S. Post Office, Oliver Corona, postmaster; Tahoe City Bakery with Doug Farrar, manager for owners Dorothy and Leonard Bury; Tahoe City Pharmacy owned and operated by George E. Davis, R. Ph., and Paul T. Rivard; the Bank of California, managed by Herbert S. Clegg, jr. who has moved from Auburn; North Tahoe Laundrette operated by Dick and Essie Loehnert who also operate a Kings Beach unit; Mr. K's Fashions for Dad and Lad.

STRIKES & SPARES

BY JOE WILMAN

YOU CAN'T PICK UP
THE 1-2-4-7 SPARE
WITH SPEED ALONE

"Powerhouse Paul" is proud
of the speed he works up, and
can't understand why his fa-
mous fast balls don't scatter the
pins around enough to knock
over everything in sight. This
is especially puzzling to him
when he is faced with the
clothesline" spare—the 1-2-4-7
that hexes so many of his
frames because he comes up too
high on the pins.

Paul will have trouble with
this 1-2-4-7 shot, too, if he fires
the same kind of a fast ball that
set him up for this spare. This
left-side spare demands perfect
coverage. Shoot it from the
right hand angle and the ball
rolls across the head pin and
into the 1-2 in the way we il-
lustrate. The 2 is knocked into
the 4-pin, and the 4 goes into
the 7. Sounds simple, but it's
easy to blow.

You can also make this by
hitting the 1-pin on the right
and setting up the proper pin
action. Here though you de-
pend upon pin action for three
of the pins. The other way is
surer because you depend upon
pin action for just two pins.

If you draw this spare con-
sistently, try moving your angle
a board or two to the right.
That should let your ball get up
a bit more and into the 1-3
pocket.

Ross Jones of Tahoe City at-
tended the last rites held at Yuba
City for his father, Robert Wesley
Jones, age 93 years. The deceased

Wednesday night were Emma Jean
Hume of Crystal Bay, Bethel Van
Tassell of Tahoe Vista and Gladys
Park, San Francisco and Phyllis
Polkinghorn of Australia.

Hear tell that Mike and Jean
Cinani have sold their Foxhead
Motel in Reno. The Cinanis and
sons, Pat, Dick and Jerry are for-
mer Tahoe Vista residents. Vac-
ation to relatives in Minnesota and
New York states is tentatively
planned before relocating in Reno.

The kinfolk from the west shore
was passing by and stopped to say
hi. Weather being what it is—
(beautiful today)—monopolized
the conversation. Anyhow—40
years ago on June 8 the west side
had almost four feet of snow.
Source of information—Cuz and
Norma Obexer who has cause to
remember. Happy birthday, Cause
and Cuz.

"Most folks are about as happy
as they make up their minds to
be." Abraham Lincoln said it. The
VFW and Auxiliary practice it.

Captivating party—cocktails,
dinner and dancing for members
and guests. Genial host and Post
Commander Earl Gray and wife,
Carrie, and Auxiliary President
Pearl Draney presided at dinner
with Harvey and Pearl Martin,
Noble and May Z. Murray and hon-
orary guest, Bethel Van Tassell.
Among those present were Bill and
Helen Fries, Bob and Pearl Moore,
Gladys McClelland, Gene and Ethel
Antonson, Bea Snell, Otto and Lou-
ise Walter, Bob and Estelle Mols-
berry, Fred and Fran Rockholm,
Angie and Rae Russo, Bill Elliott,

Dale Malmgren, Mex and Mae
Springer, Dr. Walton Prescott, Bev-
erly Newell, Gwen and Robie Rob-
inson, Bob and Ruth Snyder,
Dorothy Beck.

Confused? Consider the prob-
lem of Bill Elliott. He isn't twins
but there are two Bill Elliotts, one
a resort owner and the other a
dairyman. Henceforth—mention
of one of the Bills will necessitate
distinguishing them—not Tahoe
Vista, both live there. Credit
undoubtedly must go to the wom-
en. Helen and Nola. Okeh, Bills?

The case of the confusing Bills
is nothing compared to the case of
the identical twins. Names are of
no consequence in this puzzling
problem which is of Barbara and
which is Beverly. Believe it, they
are no help, they like it that way.
Solution—know them.

Scuba diving anyone? Avail-
able at Tahoe Vista is all necessary
equipment and classes and teacher.
The teacher, Jeff Meeks from
Salinas and Hartnell College where
he is studying to be an attorney

to be just an attorney anymore—
why—the question and the answer.

DON'T BE A FIRE STATISTIC

Saving lives is Dictograph's business.

On files at Dictograph's headquarters are more than a thousand testimonial letters from families and institutions whose lives and property have been spared as a result of a Fire Detective installation. The early notification in these cases was responsible for the fact that the persons were able to effect a safe escape and also played a major role in allowing the Fire Departments the extra time necessary to keeping property damage to a bare minimum. With hundreds of thousands of installations in American and Canadian homes and institutions, there has never been a case of a death or injury in a home that was Fire Detectiveprotected.

Remember—FIRE DOESN'T HAPPEN TO EVERYBODY BUT IT CAN HAPPEN TO ANYBODY.
